The EXTESA Range

Peace of mind at home, even on rainy days thanks to the anti-flooding barrier

Heavy downpours which flood entire areas in a very short space of time are increasingly frequent and even just a few centimetres of flooding can cause thousands of euros of damage.

Acquastop Extesa is a simple and functional system which **protects against flooding,** a fully mobile barrier ready to be applied **whenever needed, by anyone,** in just a few seconds.

Whether you stay or leave the home, Acquastop Extesa is the anti-flooding system which will give you peace of mind in the event of prolonged flooding.

The EXTESA Range

ANTI-FLOODING BARRIER

Adjustable width

WITH PATENTED SYSTEM

FOR DOORS, GATES, SHOPS, GARAGES,
SHOP WINDOWS, ENTRANCES TO RETAIL
AND INDUSTRIAL PREMISES

ANTI-FLOODING BARRIER

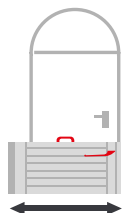

Adjustable width

The **EXTESA** Range

**ADAPTABLE
TO ANY SIZE**

Anti-flooding barrier with adjustable width

The distinguishing feature of the Extesa range is its width-adjustment mechanism.

This means the anti-flooding barrier can be fitted perfectly to any door, gate, rolling shutter or any other openings.

FOR DOORS, GATES, SHOPS, GARAGES, SHOP
WINDOWS, ENTRANCES TO RETAIL AND
INDUSTRIAL PREMISES

DIY INSTALLATION

No professional required

Anti-flooding barrier installation is simple, quick and does not require professional or specialised installation.

**THE ONLY ONE WHICH DOES
NOT REQUIRE BUILDING WORK
OR FITTED GUIDES.**

Acquastop Extesa does not require the installation of fitted guides, profiles, fixing holes, columns or building work as it fits directly onto the existing wall, against the opening.

EXCELLENT HOLD

Safe protection for premises

Thanks to its construction concept and seal compression system, the anti-flooding barrier Extesa is watertight against flooding.

**SIMPLE AND
QUICK
TO APPLY**

Thanks to the patented system EasyStop

The exclusive EasyStop system enables rapid and correct anti-flooding barrier installation. The special rotation and securing system enables barrier extension and seal compression, guaranteeing watertight hold. The barrier can be installed by anyone, removed just as simply and stored, ready for use.
